

CSRBOX.org is India's largest CSR impact platform with information on CSR products and services, implementing agencies like NGOs. The platform enlists CSR profile of India's public and private companies along with high-end features like geo-location of plants and projects, thematic interventions, financial data, project partners and project specific budget allocations.

The platform also lists verified and eligible CSR implementing agencies; CSR services providers based on different thematic areas like healthcare, education etc. It has CSR profile of over 1050 companies with 7500+ CSR projects and INR 10000 Cr in CSR fund.

The platform allows users to filter organisations based on location, various thematic areas, project specific location i.e., Pan India project or State wise project etc. This helps CSR heads to understand which organisations are located in the areas where they have implemented projects or are planning to undertake new projects. Similarly, implementing partners like NGOs can identify potential companies for CSR partnerships based on various criteria.
