Our Profile

Ankidyne has been in the field of manufacturing and installing aesthetically designed high quality playground equipments and science park gadgets since 1993. Our wide range of products are installed in schools, housing colonies, public parks, hotels, motels, malls, resorts, theme parks, play schools, creches, etc to cater the needs of young and energetic children.

Children of all ages enjoy the fun and thrill of outdoor games. Those curious and enthusiastic little minds love to play all the time. Playground equipment is the most powerful tool to channelize their energy and desire to play around.

Ankidyne provides complete solution, right from the selection of play equipment suitable for the play area according to budget, fabricating with quality raw material and trained technicians, erecting the same by trained personnel and assuring trouble free enjoyment by offering periodical service and maintenance contract

Team **Ankidyne** is keen on safety, durability, elegance, economy and on time service for a happy play time of the children.

Ankidyne is also pioneering the field of Science Park installation in India and abroad for play-way learning of science through open-air science gadgets. (Demand science park catalogue if needed)

We, **Ankidyne**, have the commitment to make the children joyful ever. These smiling faces boost our energy to forge ahead with more vigour.

Team **Ankidyne's** motto is " *Ever satisfied customer everywhere*".
